DIN Rail mounted AC Outlet

The DINLET snaps easily on any 35mm DIN rail. Adding a service outlet inside a control panel is easy and economical.

Features and specifications:

- Dual grounded power outlet with power status LED
- Latching DIN foot makes installation and removal easy
- Compact size: only 92x42x50mm (3.62x1.62x1.98”). Takes only 42mm (1.65”) of rail space
- **Rating:** 120V AC, max 15A
- **Wire size:** Copper only, 14-12AWG solid or stranded
- **Tightening torque:** 0.5Nm; 4.4in-lb
- **Terminations:** Slot/Philips head screws
- **Material colour:** black
- **Approvals: CSA** (C22.2 No. 42); **cURus** (UL498; C22.2 No. 182.3)

The DINLET is to be installed exclusively inside a panel, cabinet or enclosure.
