

Relay Bases

High quality, yet economical DIN-mounted sockets (bases) for 8-pin, 11-pin and miniature relays.

Now available from stock at ITC.

- CSA and UL certified.
- Body in flame retardant polyamide 6.6 (Nylon) rated UL94-V2, Terminal insert made of brass, tin plated.
- Max. operating temperature 110°C (Maximum peak temperature 150°C).
- Mount on any 35mm DIN rail.
- Screw-clamp terminals (ES8 - ES11) or screw-compression plate terminals (ES15/4).

How to order (order by Part No.):

Part No.	Model	Description	Rated Voltage (AC)	Rated Current	Weight	Dimensions (WxDxH)	Pack Qty
490.108	ES8	8-pole DIN mounted socket, black	400 V	10A	63g	36x64x25 mm	10
490.111	ES11	11-pole DIN mounted socket, white	400 V	10A	63g	36x64x25 mm	10
490.154	ES15/4	Miniature 15 pin 4-pole DIN mounted socket, black	300 V	7A	52g	29x66x31 mm	10
490.191	ES/T	Marker plate for ES8 / ES11, white	-	-	1.5g	-	10
490.192	ES/MH1	Clip for "C" type relay	-	-	0.8g	-	10
