

GREAT DEALS on Push-Mount Type Clamps!

ITC is offering great savings on Push-Mount Type Clamps. Save up to 50%!

Since no screws or fasteners are needed, push-mount type clamps are very easy to install and provide perfect support for cables, conduits, plastic tubing, wire or wire bundles in electrical, automation and control panels, in machinery and equipment.

Features and specifications:

- **Cable range:** Available in five sizes, for diameters from 6.0mm (1/4") approx. to 18.0mm (11/16") approximately. Adhesive models are also available upon request
- A two-stage locking system allows accommodating different cable sizes in one clamp
- **Mounting:** Apply by simply pushing the barbed clamp pin into a hole 4.8mm diameter (~3/16), then snap the clamp around the cable or conduit. To open, press the release tongue on the side of the clamp
- **Colour:** grey
- **Material:** UL94-V2, flame-retardant polyamide 6.6 (Nylon)
