

Cooling Fans for Panels and Cabinets

Designed for use in cabinets, panels and enclosures where heat dissipation is necessary using a highly efficient, low noise ventilation package.

Features:

- High efficiency (105 cfm) fan with low consumption (0.21A), 3,000 rpm motor.
- High efficiency Aluminum mesh filter is washable and accessible from outside.
- Brushed stainless steel grill eliminates finger marks.
- Welded steel construction, baked epoxy ASA61 gray finish.
- Ball bearing motor rated for 30,000 hours of continuous use. Low noise.
- Safely operated in ambient temperatures up to 49°C.
- Fast, easy installation.
- 18AWG wiring leads provided.
- Approvals: CSA, UL, CE mark.
- Made in Canada.

End of Stock!

Standard models are 120 VAC 60Hz / 220 VAC 60Hz. Other AC or DC voltages available upon request.

- Installation can be anywhere on the cabinet, panel or enclosure. The recommended placement of the intake fan is on the lower side wall with the exhaust grill with filter on the opposite upper side of the panel.
- Fan can be installed vertically or horizontally.
- Cutout dimensions: 143x143 mm (5.64"x5.64"). Minimal depth requirement 61mm (2.4").
- Cutout template and mounting hardware included.
- The fan can be factory assembled as an exhaust unit instead of intake unit, upon request. Field change is also possible.
- **Availability:** Delivery is from stock in Canada.

How to order Cooling fans and accessories (Order by Part No.):

| Part No. | Model | Description | Height A (mm/in) | Width B (mm/in) | Depth C (mm/in) | Weight (approx.) |
|----------|-----------|--|------------------|-----------------|-----------------|------------------|
| 115.101 | CF105 | Fan Intake Unit, 120V 60Hz 0.21A 105cfm | 155 / 6.12" | 187 / 7.38" | 65 / 2.4" | 1,185 g |
| 115.102 | CFG105 | Exhaust filter and grill unit | 155 / 6.12" | 187 / 7.38" | 12 / 0.5" | 192 g |
| 115.104 | CF105V220 | Fan Intake Unit, 220V 60Hz 0.21A 105cfm | 155 / 6.12" | 187 / 7.38" | 65 / 2.4" | 1,185 g |
| 115.109 | RF105 | Replacement aluminum filter | 133 / 5.25" | 133 / 5.25" | 8 / 0.3" | 15 g |
| 115.119 | TF105 | Extra-fine (throw-away) replacement filter (pack of 6) | - | - | - | - |

Information subject to change without notice

ITC will soon carry a more complete line of Orion AC and DC fans with exhaust grills and filters.
