

CP & CPS Series Polyester Enclosures

The CP and CPS series enclosures, manufactured in Germany by BERNSTEIN AG, are produced from high grade fiberglass-reinforced polyester resin. Designed for containing electrical and electronic components, they are ideally suited for both **Outdoor** and Indoor applications.

The black CPS models, due to their reduced surface resistance, meet the requirements for potentially explosive (Ex) applications. Both CP and CPS models have high mechanical strength and high corrosion resistance.

CP and CPS polyester enclosures feature threaded M4 or M6 inserts in the body, for mounting back-plates, DIN Rail, and accessories. Captive, stainless steel screws for mounting the cover into the galvanized threaded inserts are included.

Available accessories include mounting plates (back-plates), external mounting brackets, external and internal hinges.

Features and specifications:

- **Operating temperature of enclosures:** -60 to 165 °C
- **Operating temperature of seals:** -40 to 100 °C (-60 to 130 °C for enclosures with the optional silicone seal)
- **Ingress protection:** DIN EN 60529 IP66 (IP67 with PUR seal)
- **Material, Enclosure:** Glass fibre-reinforced polyester, suitable for outdoor use
- **Material, Seal:** injected polyurethane (PUR)
- **Sizes:** 18 size models, from 80x75x55mm, to 400x405x165mm
- **Colour:** CP = Grey (RAL7000); CPS = Black (RAL9005)
- **Approvals:** cULus (file E182264), Germanischer Lloyd, ATEX (optional on CPS models)

CP and CPS Enclosures Accessories (Order by Part No.)

Part No.	Description
BE982.3000.000	Fiberboard mounting plate for CP140, CP145
BE982.3001.000	Steel mounting plate for CP150, CP155
BE982.3002.000	Steel mounting plate for CP170, CP175
BE982.3003.000	Steel mounting plate for CP190, CP195
BE982.3004.000	Steel mounting plate for CP220
BE982.3005.000	Steel mounting plate for CP240
BE982.3006.000	Steel mounting plate for CP280
BE982.3007.000	Steel mounting plate for CP300
BE982.3008.000	Steel mounting plate for CP320
BE982.3085.000	Steel mounting plate for CP330
BE982.3009.000	Steel mounting plate for CP370
BE982.3010.000	Steel mounting plate for CP400
BE982.3011.000	Steel mounting plate for CP450, CP460
BE982.4000.000	External mounting brackets for CP140 to CP195
BE982.4001.000	External mounting brackets for CP224, CP240
BE982.4004.000	External mounting brackets for CP280 to CP330
BE982.4011.000	External mounting brackets for CP370, CP400
BE982.4012.000	External mounting brackets for CP450, CP460
BE980.1045.000	*External hinges for CP enclosures; CP220 to CP460
BE980.1046.000	*External hinges for CPS enclosures; CPS220 to CPS460
BE980.1032.000	*Internal hinges for CP, CPS enclosures - with cover guide; CP220 to CP460
